gas fireplaces

why choose Regency?

Fire transformed to Art

My vision was to elevate the role of a fireplace beyond the heating function to a highly stylized art form for today's trend toward modern homes. I focused on clean lines crafted from unique materials in bold, vibrant colors, cool stainless or sleek black. These elegant frames wrap artfully around a fire that dances evocatively from gently curved burners cradling cobalt blue crystals or a long, seamless river of pebbles. Prepare to impress.

Regency Quality ...beauty that heats

For over 30 years Regency has carefully researched trends to develop fireplaces that fit your needs. A perfect combination of function and beauty; each Regency is a high efficiency heater with a beautiful view. Cut your heating bills in half by turning your furnace way down in most of your rooms and enjoy high efficiency, controllable heat in the living areas you spend time in. And, all Regency products operate during power outages.

Lifetime Warranty

I am so confident in the quality workmanship, the finest materials and durable heavy-duty construction invested in each and every Regency, that I offer a Limited Lifetime Warranty. We know that you will be as proud of your Regency Contemporary Collection Fireplace as we are – I guarantee it.

Regency Horizon™ HZ54

Contemporary Gas Fireplace

Regency Horizon HZ54 shown with black faceplate, stainless steel reflective panels, ceramic spa stones and natural river pebbles.

The Regency Horizon™ HZ54 offers a wide angle view of a unique and dramatic flame; perfect for contemporary homes and open concept living spaces. Inner reflective panels amplify the appearance of the stunning fire. The incredible styling is backed up by practical function; delivering consistent, controllable heat - even during power outages.

Regency Horizon HZ54 shown with stainless steel faceplate, black enamel reflective panels and black crystals.

Regency Horizon HZ54 shown with sunset bronze faceplate, black enamel reflective panels and ceramic log set.

Specifications	NG	LP

- Stainless steel or black enamel inner reflective panels
- White or Natural River Pebbles
- Ceramic Spa Stones
- Crystals in various colors
- Proflame GT remote control
- Wall thermostat
- AstroCap™ Venting System

Regency Horizon™ HZ42

Contemporary Gas Fireplace

Regency Horizon HZ42 shown with sunset bronze faceplate, black enamel inner panels, ceramic spa stones and natural river pebbles.

Smaller in size, while maintaining the drama of the HZ54, this fireplace allows you to feature a stunning firescape in rooms with more limited square footage. Create a tranquil escape using spa stones or rev up the atmosphere with cascading cobalt blue crystals, any room will be transformed to an experience with the Regency Horizon.

- AstroCap™ Venting System

Regency Horizon™ HZ42ST

Contemporary Gas Fireplace

Regency Horizon HZ42ST shown with stainless steel faceplate.

One of the most popular uses for the Regency Horizon See Through is to create two amazing fire views from separate rooms using one fireplace. The Regency Horizon See Through is a cost effective way to divide a larger space while maintaining an open feel. Different wall finishes make a room even more dramatic, for the ultimate two fireplace look.

Sunrise L676S & P33S

Contemporary Gas Fireplaces

L676S Sunrise shown with red faceplate, enamel black reflective panels and copper crystals.

We have redefined the conventional firebox to include dramatic, contemporary elements that take it from timeless and traditional to modern and sensational! Reflective panels expand and amplify the beautiful Sunrise fire with cobalt blue crystals or ceramic spa stones. The Sunrise™ P33S fireplace doesn't need a large space to create a distinct feature in your home. The shallow (12-3/4" deep) direct vent firebox allows you to install a contemporary fireplace anywhere!

P33S Sunrise shown with stainless steel faceplate and cobalt blue crystals.

Fireplace planning made simple

Your Regency® matches your home and lifestyle perfectly. How do we know that? Because you designed it yourself!

www.regency-fire.com

1

CLICK!

Take a photo of your desired room location.

2

DESIGN

Go to www.regency-fire.com and design your perfect fireplace with the Fireplace Design Center.

3

VISUALIZE

Upload your room photo and see how the fireplace will look in your own house. Print your own brochure.

4

VISIT A REGENCY STORE

Show your plan to one of our sales associates for expert advice. Your authorized Regency dealer will advise you on all the technical aspects and install your Regency.

5

NO CHIMNEY? NO PROBLEM!

Direct vent technology means you no longer need an expensive, elaborate chimney. Simply vent your fireplace through an outside wall and finish it with an AstroCap™.

6

ENJOY!

your regency dealer
